FUNCTION:

It is the responsibility of this department to effectively treat all wastewater from the collection system to ensure that mandated water quality measurements are obtained. This includes the operation of three facilities at Northside Plant, Davis Brothers Pond, and Holiday Inn Pond. In addition to the operation of the plants, this department is responsible for monitoring and testing stream water quality throughout the service area. A grease trap monitoring and enforcement plan is also done in this department. All plant operations must comply with NPDES Permit requirements as issued by the Georgia EPD.

FUNCTION:

It is the responsibility of this department to provide a safe and reliable drinking water to the 3500 connections in the service area. This involves the constant monitoring and analysis of the treatment process, maintaining all aspects of plant operation including chemical feeds and pumps, and collecting samples in the distribution system to ensure water quality. All plant operations must comply with EPD and EPA parameters and permits.
