Definition: Home occupation is an occupation carried on by occupant of a dwelling unit as a secondary use of the dwelling unit of residential purposes and is operated with applicable provisions of the Zoning Ordinance.

The following provisions shall apply to home occupation:

- a. There shall be no exterior evidence of the home occupation.
No use shall create noise, dust, vibration, odor, smoke, glare or electrical interference that would be detectable beyond the dwelling unit.
- b. The use shall be conducted entirely within the dwelling unit, and only persons living in the dwelling unit shall be employed at the location of the home occupation.
- c. No more than 25 percent of the dwelling unit and or 500 square feet, whichever is less, may be used for the operation of the home occupation.
- d. No more than one business vehicle per home occupation is allowed.
- e. No home occupation shall be operated so as to create or cause a nuisance.
- f. Home occupation shall not include the use of a dwelling unit for the purpose of operating any automobile/engine repair establishment, or car wash.
- g. Occupations that are mobile or dispatch-only may be allowed, provided that any business vehicle used for the home occupation complies with this section, and is limited to one business vehicle per occupation.
- h. There shall be no door-to-door solicitation to promote the business.

Note: A Special Land Use Permit is required for public contact on premises. Contact Zoning Department to initiate the application process.

I certify that I reside at the address shown for the proposed business and that it is my principal residence. I am aware that failure to comply with all requirements will result in revocation of business license and / or legal action by City of Commerce.
